

**Penn Forest Township is currently NOT under a burn ban**

Warmer, drier conditions still increase the risk of brush and wildfires. If conducting a controlled burn:

- Keep a safe distance from structures and debris
- Have a water supply available
- Do not burn in windy conditions
- Never leave a fire unattended
- Fully extinguish the fire when finished

Carbon County residents are encouraged to notify the Carbon County Communications Center at 570-325-9111 prior to burning.

If your fire gets out of hand, call 911 early.
